AMPHITUNE

Privacy Notice

Last updated: [18.09.2026]

[Company Name] Oy (“Amphitune,” “we,” “us,” or “our”), registered in Finland at [registered address] (business ID [Y-tunnus]), is the data controller responsible for the personal data described in this Privacy Notice. We can be reached at **[contact email]** for any privacy-related question or request.

This Notice explains what personal data Amphitune collects when you use our music-sharing platform (the “Service”), why we collect it, how long we keep it, and what rights you have. It should be read alongside our Terms of Service.

1. Personal Data We Collect

1.1 Account and Profile Data

- Email address — used for account verification and magic-link sign-in.
- Username.
- Date of registration.
- The date on which you last accepted our Terms of Service and this Privacy Notice.
- Up to three external links you choose to add to your profile.
- Your profile bio, if you choose to add one.

1.2 Track Data

- Track title, original filename, genre, and mood tags.
- Upload date and file size.
- The audio file itself, stored with our object storage provider, Cloudflare.

1.3 Subscription and Billing Data

- Current subscription period start and end dates.
- Your Stripe customer ID.

Card and payment details are collected and processed directly by Stripe, our payment processor; we do not receive or store your full card number.

1.4 Data Stored on Your Device

When you select a genre or mood in the feed filters, your selection is saved to your browser's local storage so it persists between page reloads. This data stays on your device and is not sent to our servers.

1.5 Cookies

Cookie	Purpose	Details
Anonymous session	Counts plays from visitors who are not logged in	Contains a single random UUID. Strictly necessary for the Undiscovered feed to function for logged-out visitors.
Authenticated session	Keeps you logged in	A JWT containing your email, username, and a limited set of publicly-safe subscription details (plan

		tier, period start/end, cancellation status). Strictly necessary for authentication.
Stream token	Prevents abusive play-counting	Contains the track ID, when playback started, and when a play may be counted. Deleted immediately once a play is counted.

All cookies listed above are strictly necessary for the Service to function and are not used for advertising or cross-site tracking. Because they are essential, they are not subject to opt-in cookie consent under the ePrivacy Directive, but you can block cookies in your browser at the cost of some functionality (for example, the Undiscovered feed will not work correctly for logged-out visitors without the anonymous session cookie).

2. Why We Use Your Data and Our Legal Basis

Purpose	Legal basis (GDPR)
Creating and managing your account, magic-link sign-in	Performance of a contract (Art. 6(1)(b))
Hosting and delivering your uploaded tracks, operating the Undiscovered/New/Followed/Search feeds	Performance of a contract (Art. 6(1)(b))
Counting plays, likes, and reposts	Performance of a contract (Art. 6(1)(b))
Billing Premium subscriptions via Stripe	Performance of a contract (Art. 6(1)(b))
Preventing abuse, fraud, and manipulation of plays or listener counts	Legitimate interests (Art. 6(1)(f))
Handling copyright infringement reports	Legal obligation (Art. 6(1)(c)) and legitimate interests (Art. 6(1)(f))
Complying with tax, accounting, and VAT (OSS) obligations	Legal obligation (Art. 6(1)(c))
Responding to data-subject requests and security incidents	Legal obligation (Art. 6(1)(c))

3. Who We Share Data With

We do not sell your personal data. We share personal data only with the following categories of recipients, each acting either as our data processor or as an independent controller for their own purposes:

- Cloudflare — stores the audio files you upload, as our object storage provider (processor).
- Stripe — processes Premium subscription payments and holds your billing details as an independent controller for payment processing and its own legal (e.g. anti-fraud, tax) obligations.
- Other users — your username, profile bio, external links, and uploaded tracks are visible publicly to other users and visitors by the nature of the Service.
- Authorities and legal recipients — where required to comply with a legal obligation, enforce our Terms, or respond to a valid copyright infringement or legal request.

We require our processors to protect personal data under written data processing agreements consistent with GDPR Article 28.

4. International Data Transfers

Some of our providers (including Cloudflare and Stripe) may process data outside the European Economic Area. Where this occurs, we rely on appropriate safeguards recognized under GDPR, such as the European Commission's Standard Contractual Clauses, to ensure your data receives an equivalent level of protection.

5. How Long We Keep Your Data

We retain your account and track data for as long as your account remains active. If you delete your account, all tracks you uploaded (and their associated files), along with likes and reposts you made or received on those tracks, are deleted. Deleted data is retained temporarily until our scheduled cleanup process permanently removes it from our systems.

We may retain limited billing records (such as Stripe customer IDs and subscription period history) for longer where required by Finnish tax and accounting law, even after account deletion.

6. Your Rights

Subject to the conditions set out in the GDPR, you have the right to:

- Access the personal data we hold about you;
- Correct inaccurate or incomplete data;
- Erase your data (“right to be forgotten”) — you can also achieve this directly by deleting your account;
- Restrict or object to certain processing, including processing based on our legitimate interests;
- Receive a copy of your data in a portable format;
- Withdraw consent at any time, where processing is based on consent;
- Lodge a complaint with your local data protection authority — in Finland, the Office of the Data Protection Ombudsman (tietosuoja.fi).

To exercise any of these rights, contact us at **[contact email]**. We will respond within the timeframes required by the GDPR.

7. Children's Privacy

The Service is not directed at children under the age of 13. Depending on your country of residence within the EU, the minimum age for creating an account without parental consent may be higher (up to 16, per each member state's implementation of GDPR Article 8). If we become aware that we have collected personal data from a child below the applicable age without appropriate consent, we will delete it.

8. Security and Data Breaches

We take reasonable technical and organizational measures to protect your personal data. In the event of a personal data breach that poses a risk to your rights and freedoms, we will notify the Finnish Data Protection Ombudsman within 72 hours of becoming aware of it, and will notify you directly where the breach is likely to result in a high risk to you, as required by GDPR Articles 33–34.

9. Changes to This Notice

We may update this Privacy Notice from time to time. If we make material changes, we will notify you by email or through the Service before the changes take effect. The “Last updated” date at the top of this page reflects the most recent revision.

10. Contact Us

For any question about this Privacy Notice or how we handle your data, contact us at **[contact email]**, or by post at **[Company Name] Oy, [registered address], Finland**.
