Amphitune Terms of Service

Last updated: 7 October 2026 · Version 1.0 (MVP)

1. Introduction

These Terms of Service (“Terms”) govern your use of Amphitune (“Amphitune”, “the Service”), a web-based music discovery app built on top of Audius. The Service is operated by [Company name] Oy, a limited liability company (Osakeyhtiö) registered in Finland, Business ID [Business ID] (“we”, “us”). By logging in or using the Service you agree to these Terms and our Privacy Policy. If you do not agree, do not use the Service.

Amphitune is not a streaming service. It is a discovery tool that helps listeners find tracks and gives artists a fair chance of being heard.

2. Eligibility and Accounts

- • You must be at least 13 years old to use Amphitune. If you are under the age of majority in your country, you confirm that your parent or guardian has permitted your use of the Service.
- • You log in using your Audius credentials via OAuth. You need a valid Audius account and must comply with Audius’s own terms. We never see your Audius password.
- • You are responsible for all activity under your account and for keeping your Audius credentials secure.
- • Browsing and listening without an account is possible, with limited functionality.

3. How the Service Works

Amphitune offers three feeds:

- • Undiscovered: tracks remain here until they have reached a set number of unique listeners. Tracks are sorted oldest first so that new uploads do not bury older ones.
- • New: all uploads in chronological order.
- • Followed: tracks uploaded or reposted by users you follow.

Each track is tagged with one main genre and up to three mood tags. Amphitune mood tags are independent of moods on Audius. You may update the genre and mood tags of tracks you have imported.

Plays are counted after at least 15 seconds of listening. Likes and reposts only count after you have listened to the track for the required time. A repost is limited to one per track, cannot be undone, and requires confirmation. We may discard plays, likes or reposts that we reasonably believe are artificial, automated or abusive.

4. Your Tracks and Content

- • Tracks are imported from Audius with a button. Uploading is done on Audius’s own form, to which you are redirected.
- • Audius remains the host of your audio. Amphitune stores only references and metadata (see Section 9).
- • You keep all rights to your music. You grant us a non-exclusive, worldwide, royalty-free licence to stream, display and link to your imported tracks and metadata solely to operate and promote the Service.

- • You confirm that you own or have the necessary rights to every track you import and that it does not infringe third-party rights or violate the law.
- • You may delete a track from Amphitune at any time. Deleting a track from Amphitune does not delete it from Audius.

5. Acceptable Use

You agree not to:

- • upload or import content that is illegal, infringing, hateful, harassing or sexually exploitative of minors;
- • manipulate plays, listeners, likes, reposts or feeds, including through bots, scripts, multiple accounts or purchased engagement;
- • circumvent stream tokens, session cookies or other technical protections;
- • scrape, copy or redistribute audio from the Service, or use it to build a competing service;
- • interfere with, overload or attempt to gain unauthorised access to the Service; or
- • use the Service in violation of applicable law.

We may remove content, reset counts, suspend or terminate accounts that violate these Terms, with or without notice where necessary to protect the Service or others.

6. Subscriptions and Billing

Note: paid subscriptions are not yet available. This section applies once they are launched.

- • New accounts start on the Free tier: each track has a limit of 50 unique listeners on the Undiscovered feed. Premium raises this limit to 200.
- • Premium is billed annually in advance. Payments are processed by Stripe; we do not store your payment card details.
- • Premium renews automatically at the end of each period unless you cancel before renewal.
- • Right of withdrawal: if you cancel within 14 days of upgrading, your account reverts to Free immediately and the price is refunded in full.
- • If you cancel after 14 days, you keep Premium until the end of the paid period. No refund is given for the remaining period.
- • Tracks imported while a Premium subscription was active keep their 200-listener limit after cancellation (after the 14-day window). If you cancel within 14 days, your tracks revert to the Free limit of 50.
- • If you delete your account within the 14-day window, your subscription is refunded. After that, no refund is given.
- • We may change prices with at least 30 days' notice before the next renewal; changes do not affect the period already paid.

7. Advertising

Amphitune displays ads. Occasional ads appear among feed entries between tracks. Ads are never played before playback and you are never required to watch an ad before a track starts.

8. Cookies and Local Storage

We use cookies that are necessary for the Service to work:

- • Anonymous session: a cookie containing a random UUID, used to count plays by users who are not logged in.

- • Authenticated session: a JSON Web Token cookie containing your Audius ID, handle, username and limited subscription details (tier, period dates, cancellation status), used for authentication.
- • Stream token: issued before a stream starts to prevent abusive play counting; deleted when the play is counted.

We also save your selected genre and mood filters in your browser's local storage so that they persist between page reloads. Further details are in our Privacy Policy.

9. Personal Data

We process personal data in accordance with the EU General Data Protection Regulation and Finnish law. In summary, we store:

- • Users: your Audius ID, registration date, the date you last accepted our Terms and Privacy Policy, and up to three external links you provide. We do not store your email, password or any other Audius profile data.
- • Tracks: Audius track ID, author ID, genre, moods and creation date.
- • Plays: track ID, listener ID (if logged in) and time of play, kept for 90 days.
- • Subscriptions (when available): current period start and end, and Stripe customer ID.

You have the rights described in the Privacy Policy, including access, rectification, erasure and complaint to the Data Protection Ombudsman (tietosuojavaltuutettu).

10. Account Deletion

You may delete your account at any time. Deleting it also deletes all tracks you uploaded to Amphitune, all likes and reposts on those tracks, and all likes and reposts you have given. Data is retained until our cleanup process removes accounts marked as deleted, and in any case no later than 90 days after deletion. Content on Audius is not affected. Refunds on deletion are governed by Section 6.

11. Third-Party Services

The Service depends on Audius. We are not responsible for their availability, content or policies. If Audius changes or restricts its API or access, parts of the Service may change or stop working.

12. Intellectual Property

The Amphitune name, software and design are owned by us or our licensors. The Amphitune logo is used with permission from its owner. These Terms do not give you any right to them except to use the Service as intended. Audio and metadata belong to their respective rights holders.

13. Disclaimers and Limitation of Liability

The Service is provided "as is" and "as available". We do not guarantee that your tracks will reach any number of listeners, or that the Service will be uninterrupted or error-free. To the maximum extent permitted by law, we are not liable for indirect or consequential damages, loss of profit, or loss of data. Nothing in these Terms limits liability that cannot be limited under law, including liability for intent or gross negligence, or your mandatory rights as a consumer.

14. Termination

You may stop using the Service at any time. We may suspend or terminate your access if you breach these Terms or if required by law. We may also discontinue the Service with reasonable notice; any prepaid Premium fees for the unused period would then be refunded.

15. Changes to These Terms

We may update these Terms. We will notify you of material changes in the Service at least 30 days in advance where possible. Continued use after the effective date means you accept the changes; otherwise you should delete your account. We record the date at which you last accepted the Terms.

16. Governing Law and Disputes

These Terms are governed by the laws of Finland. Disputes shall be resolved in the competent court of Finland, without prejudice to mandatory consumer protection rules. Consumers may also contact the Consumer Advisory Service (kuluttajaneuvonta) and the Consumer Disputes Board (kuluttajariitalautakunta), and may use the EU Online Dispute Resolution platform.
